'I'm bored' word puzzle

O E R L N T U O S I - these jumbled letters form a **single word** - however there are many other words that can be made from these letters. Make as many words as you can (the smallest word allowed has three letters eg. nut) but the aim is to guess the single word.

NOTE: you can only use each letter **once** in the words you make, with the exception of the letter 'O' as this is given twice. For example, you cannot use the word **noon** because there is only one letter 'n'.

Using the table below, click in a box under one of the letters and type a word beginning with that letter. Continue down that column making as many words as you can beginning with that letter. Do the same for the other letters in the table, trying to find a word that uses all the letters.

O	E	R	L	N	T	U	O	S	I
---	---	---	---	---	---	---	---	---	---

nut
